

## RUSSIAN TROOPS LANDED AT TAKU

Ten Thousand of Them With 20 Guns Marching on Peking.

## JAPAN WILL PROTEST

The Dowager Empress Has Fled to the Russian Legation for Protection.

## NO NEWS AT WASHINGTON

Tien Tsin, June 11.—[Special Cablegram]—It is rumored here that the Dowager Empress has fled to the Russian legation at Peking; also that four thousand Russians were landed at Taku, and with twenty guns were marching on Peking. Great trouble is experienced in accommodating the foreign troops now at Peking. Five hundred Boxers have attacked the missionary settlement at Chiefoo.

Japan Trusts the United States. London, June 11.—[Special Cablegram]—At the Japanese embassy it is stated that it will be impossible to suppress the Boxers without the Empress calling on the powers. Japan, Germany and England are relying on the United States' assistance to protect the Common interests. There is no objection on Japan's part to the landing of any number of American troops, as the States have no selfish purpose. The slightest movement on the part of any one to disrupt China will be instantly counteracted by Japan.

Washington, June 11.—[Special Telegram]—A dispatch from Kempff this morning says: "Forces landed by different nations' opening communications with Peking. Americans joined. The Monocacy left Shanghai today with a number of marines."

Warship Tiger Ordered Out.

Berlin, June 11.—[Special Cablegram]—The German gunboat Tiger has been ordered to China. The governor of Tientsin has been ordered to prepare all possible troops to go to Taku.

More Troops For Peking

Tien Tsin, June 11.—[Special Cablegram]—The third train left for Peking this afternoon with five hundred foreign troops.

Powers Will Send Troops.

London, June 11.—Ten thousand troops of all nationalities, according to a dispatch to the Daily Express from Shanghai, will be sent to Peking to back up the demands of the ministers upon the government, or if necessary to suppress the "Boxers" themselves.

About 1,500 foreign troops of all arms left Tien-Tsin for Peking by two troop trains yesterday morning. Two hundred and fifty men of the Welsh fusilier, also sappers and miners, have been ordered to hold themselves in readiness at Hong Kong to proceed north. Their places will be filled by troops from India.

The admirals at Taku, acting in concert, are forcibly reopening the railway from Tien Tsin to Peking.

Gangs of laborers are repairing the damaged line, which is guarded by 1,500 men composed of detachments from the foreign fleet.

One hundred Americans, under Captain McCalla are among them. They have guns and armored trains for use when the line is repaired, which hardly can be effected before tonight.

Surprise at State Department.

Washington, June 11.—Great surprise is expressed by state and navy department officials that no news has been received from either Kempff or Conger. The press association also at a late hour today are without anything definite from the seat of the trouble.

The two cities, Peking and Tien-Tsin are of about the same size, although the capital is slightly the larger. Chinese census taking is notoriously and necessarily inaccurate, but in each of these cities there are about 1,000,000 persons, and if there was any intelligence or desire on the part of inhabitants they could easily repel such an army as that of the "boxers," who are simply an unorganized mob of great but unwieldy proportions.

Outrage Would Force Action

While the state department still is anxious to avoid anything like any concert with the powers for any ultimate purpose, it realizes that if any great outrage involving great loss of life should be perpetrated upon Americans in China the pressure from the people would compel the administration to take any steps in its power to stop such outrages, no matter what would be the consequences.

All Missionaries Safe.

London, June 11.—[Special Cablegram]—A missionary society received a

cablegram from Tien Tsin dated June 10 saying "all missionaries in North China were safe."

Agreed to Russia's Suggestion.

St. Petersburg, June 11.—[Special Cablegram]—It is stated here on alleged high authority that the powers have agreed to Russia's suggestion to hold six thousand troops at Port Arthur in readiness to go to Tien Tsin when the Russian minister at Peking thinks it is necessary.

## BOER TRIBUTE TO LINCOLN

Envoy Fischer Lays Wreath on Monument at Springfield, Ill.

Springfield, Ill., June 11.—Abraham Fischer, the Boer envoy, addressed an audience of 5,000 people yesterday. When his address was concluded the Boer party and a number of the local committee went to the Lincoln monument where Mr. Fischer laid an elaborate wreath upon the tomb of Abraham Lincoln.

## HANNA'S PROGRAM FOR VICE PRESIDENT

Allison or Dolliver of Iowa Will Be Selected For McKinley's Running Mate.

Philadelphia, June 11.—[Special Telegram]—The Mark Hanna program for the vice presidency is announced today. McKinley's running mate will be Allison or Dolliver of Iowa, Long and others being used only as stalking horses. Allison has said he will not have it but cannot refuse the nomination if made. McKinley from the start has declared he wants Allison. Secretary Dick of the National Committee arrived today. Hanna will be here Wednesday.

## ST. LOUIS STRIKE IS GROWING DESPERATE

Persons Caught Destroying Property Will Be Shot Dead on the Spot if They Resist Arrest.

St. Louis, June 11.—[Special Telegram]—The cars are running on all transit company lines today, in most cases without police guards. Placards have been posted notifying that all persons caught destroying property will be arrested and if they resist they will be shot on the spot. Citizens are warned to keep indoors, as strong force will be used to disperse the crowds. The strikers have called a mass meeting for tonight, to protest against the outrages committed in the name of law and order. Governor Stephens says the state has no money to spend for troops unless in extreme necessity. Thus far no violence today.

## BAD STORM OVER LA CROSSE

Rain, Wind and Lightning Do Great Damage in Wisconsin

La Crosse, Wis., June 11.—One of the most disastrous storms in the history of the northwest prevailed here yesterday. Rain, wind and lightning combined in causing enormous property loss. The storm originated in southern Minnesota, swept from Lakefield to Isonours, then on across the Mississippi river, striking La Crosse.

The lightning was the fiercest ever known here and houses and churches in different parts of the city were struck. St. James' Catholic church, the principal one on the north side, was burned to the ground. This was the largest church edifice, except St. Joseph's Catholic church, in the city, built of brick with a tall wooden spire. The entire basement story was occupied by the parish school. The nuns' house, adjoining was saved with difficulty. The same flash of lightning which ignited the church also set on fire Heilmann's house, which was entirely consumed.

## EXODUS FROM DAWSON CITY

Vessel Brings 200 Passengers and \$400,000 in Gold

Port Townsend, Wash., June 11.—The steamer City of Seattle arrived last night from Alaska with \$400,000 in gold dust and 200 passengers, most of whom are from Dawson. Thus far five boats have reached the lakes from Dawson and the rush for the states is fairly on. Among the returning Dawsonites are many women and children. Up to May 23, it is stated, the clean up has reached \$18,000,000 the season opened from three to four weeks earlier than on any previous year. A general exodus from Dawson is reported for Koyuk river, where rich strikes have been reported.

Britain's Indian Army.

The full strength of Great Britain's Indian army is 300,000 men, of whom 230,000 are native and 70,000 British soldiers. In addition to this military force there are about 20,000 enrolled European volunteers, and a native police, officered by white men, nearly 200,000 strong.

What Ailed Him.

"You look tired," said Mr. Pitt to Mr. Penn, when the two met on 5th avenue; "what time did you get up this morning?" "Didn't get up." "What do you mean?" "I got down. Came from Philadelphia and slept in an upper berth all night."—Pittsburg Chronicle-Telegraph.

## DETAILED PLANS FOR CONVENTION

PHILADELPHIA PREPARED FOR THE REPUBLICAN HOSTS.

Vanguard Has Arrived.—Talk of Forcing Roosevelt to Run for Vice President.—Spooner Says Scofield Is in the Race.—Vice Presidential Gossip and Comment.

New York, N. Y., June 11.—Leading republican politicians who are beginning to gather here today talked with great seriousness about the expediency of forcing on Gov. Roosevelt the nomination for vice president at the national convention to be held in this city next week. The decision must be made within the next eight days, and, as a well-known lawyer put it, the candidates are Roosevelt and fifty others.

Connecticut First For Long.

Linus B. Plimpton, a delegate at large from Connecticut and chairman of the Connecticut delegation was at the Fifth avenue hotel today. "Our delegates," said Mr. Plimpton, "are for Secretary Long for vice president, simply because we have been told that Gov. Roosevelt will not accept the nomination. Of course Gov. Roosevelt is our first choice."

Wisconsin For Scofield.

Senator Spooner of Wisconsin said at the Waldorf-Astoria: "Gov. Roosevelt would make a popular candidate but I think the delegates from Wisconsin will vote for Gov. Scofield."

To Sidetrack Roosevelt

The situation, it was admitted by the leaders, has its embarrassing features. Many men in the machine, and the corporation influences behind them want to get Roosevelt out of the executive chair. Therefore they are anxious to have the governor nominated for vice president. The feeling outside of the state is that the governor ought to be compelled to run for vice president. This impression extends from one side of the state to the other.

Ready for the Convention

Philadelphia, Pa., June 11.—The republican convention city of 1900 has everything in readiness, practically, for the quadrennial gathering of the republicans of the United States ten days in advance of the date fixed for the opening session. All the hard work and all the anxious moments attending the preparations for the coming of the republican hosts are over, and the city is beginning to dress up to receive its guests. The magnificent convention hall on the west bank of the Schuylkill river, is complete in every detail and awaits only the hour of noon, June 19.

Hotel Rooms at a Premium

The storm center of the convention between the sessions will be the Hotel Walton, at Broad and Locust streets. At that hotel the national committee will have its headquarters, occupying the entire fifth floor. The meetings of the national committee beginning next Wednesday will be held in one of the banquet rooms on the tenth or top floor of the hotel.

The Walton will also be the stamping grounds of the Maine, Connecticut, New York, Ohio, Michigan, Wisconsin and Missouri state delegations. The vice presidential booms of the sons of these states will also find lodgment at the Walton. National Chairman Hanna and Secretary Dick will occupy suites of rooms at the Bellevue, a block from the Walton.

## BADGER DEMOCRATS MEET TOMORROW

Convention at Milwaukee to Elect Delegates to Kansas City.—To Nominate Peck For Congress.

Milwaukee, June 11.—The democratic state convention will meet in the Alhambra theatre tomorrow. The vanguard is expected to reach this city today. The sergeant-at-arms opened his headquarters in the Plankinton house club room at 4 o'clock this afternoon for the distribution of badges to the delegates and tickets to those who apply for and are entitled to receive them.

A large number of democrats are looked for from the interior of the state. They expect to see a light made on the floor of the convention over the selection of a member of the democratic national committee to succeed E. C. Wall, who is a candidate to succeed himself, while T. E. Ryan of Waukesha, is also looking for the endorsement of the state convention for the place. Mr. Wall claims to have the support of 90 per cent. of the delegates outside of the county of Milwaukee.

George W. Peck is to be placed in nomination as the democratic candidate for congress in the Fourth district this evening, and the event is to go down in the history of the local democracy as a grand display of the pyrotechnics of oratory.

The convention will meet in the Plankinton house arcade at 8 o'clock and will be called to order by Chairman Bruce of the democratic county committee. In order that all the "boys" may be given a chance to express themselves on the virtues of the candidates, it is proposed to shut off all motions to make the nomination by acclamation.

FRED LEAHY spent Sunday in the city. He is now traveling for the United States glue firm of Milwaukee.

## DREAD OF SURGEONS IS WANT OF ICE

TYPHOID FEVER IN PHILIPPINES CAUSES MANY DEATHS

An Army Officer Takes Issue With Gen. Otis on the State of the War.—Says It Will Not Be Ended for the Next Five Years—No Fresh Meat.

Washington, June 11.—An officer of the Philippines takes issue with Gen. Otis on his position that the war is ended. He writes: "It won't be ended for the next five years at least, and God help the remnants that are left behind when the twenty-six regiments of volunteers go home next year. Unless the outlying towns are left unprotected and all the regulars are withdrawn to Manila or concentrated in garrisons of one full regiment each there will be more than one garrison wiped out."

Country Is Unsafe.

"The man who arms these natives at this time and teaches them to use their arms will commit as great a crime as the man who thirty years ago gave the Sioux Indians a bottle of whisky, a rifle, and a belt of ammunition."

"If affairs have quieted down in the Philippines why is it that it is unsafe for one man or three men to go alone along any road five miles out of Manila? Why is it that small detachments of three or four men are prohibited from going alone over these roads and why does every officer go armed even in Manila itself? Why is it necessary to keep so many regiments in and about Manila except that the authorities fear an uprising or expect one, and freely admit it?"

Meat and Ice Needed

"The newspapers speak of supplying the troops in the Philippines with fresh meat and say this is done regularly. It is in Manila. This regiment has had no fresh meat since January, and there are no signs that we will get any before next January. We have some sick and wounded men in our hospital here who need ice. The hospital ships Relief and Missouri lie at anchor in Manila harbor with plenty of ice on board, and our people at home spend \$500,000 or more to fit out a hospital ship for the British, who are amply able to furnish their own ships, but American soldiers are dying here for want of just such conveniences."

"The dread of the surgeons is typhoid fever, because having no ice, they cannot reduce the temperature of those who have typhoid. We have lost several men from this cause and in one post now have nine cases. Most of these will probably die for want of ice."

## REPUBLICANS PLAN TO CURB TRUSTS

Leaders Meet in Washington and Practically Establish Issues for the Campaign.

Washington, D. C., 11.—The republican platform was the principal topic of discussion, and all the planks which it will probably contain were gone over at length at a dinner given by Senator Hanna Saturday night. Those present were Senators Spooner, Depew, Fairbanks, Davis and Beveridge, and Postmaster General Smith. On the authority of a leading republican senator this outline of declaration of party principles can be given:

Administration.—President McKinley's administration will be commended as able, patriotic and thoroughly American.

Finance.—There will be a straight-out declaration for the gold standard, but some reference may be made to the coinage of silver on an international basis.

It will be declared that the administration is in honor bound to carry out its promises to turn the government of Cuba over to the Cubans as soon as it can do so with safety.

Philippines.—It will be declared that the insurrection in these islands has been stamped out, with the exception of guerrilla warfare. Just what will be said with regard to the ultimate independence of the Philippines has not been determined.

Porto Rico.—The promise of statehood will not be made, but encouragement will be held out to these people to educate the ignorant of the island and equip themselves for statehood in the future.

Hawaii.—The platform will be silent as to the future of Hawaii so far as statehood is concerned.

Tariffs.—These combinations will be condemned, and the action of congress already taken with a view to controlling them will be heartily endorsed, and governmental supervision will be recommended.

War Revenue.—The platform will favor the reduction of the war revenue taxes to as great an extent as the condition of the treasury will permit.

Nicaragua Canal.—It will declare that the Nicaragua canal should be controlled by this government.

Foreign Policy.—The foreign policy of this government should at all times be vigorous and dignified, and all our interests in all parts of the world should be carefully watched and guarded.

Monroe Doctrine.—The Monroe doctrine will be reaffirmed and declared to be in full effect.

## WILL LIGHTEN HIS DUTIES

Beloit College Is Unwilling to Part With Professor Porter

Beloit, Wis., June 11.—A member of the board of trustees of Beloit College states in the matter of the reported resignation of Professor William Porter that it is not probable that the board will be willing to permit him to retire from the faculty. His duties will be lightened, but the college will not feel willing to part with his services and counsel in the faculty.

There is hardly a parallel of his case, where one of his age is able to carry on his full line of duties, and every effort will be made to arrange his work so that he may continue to serve the college.

## MANY FILIPINOS ARE KILLED

Result of Last Week's Scouting by the American Troops

Manila, June 11.—As a result of last week's scouting more than 200 Filipinos were killed and 160 captured, while 140 rifles with ammunition and stores were secured.

The American loss was nine killed including a captain and a lieutenant; two captains and twenty-one privates wounded and one captain taken prisoner by the Filipinos.

Judge William H. Taft and his colleagues of the Philippine civil commission were beset during their first week in Manila by a multitude of callers of all nationalities, professions and interests, who presented a bewildering assortment of recommendations touching military and civil politics. The commissioners maintained the attitude of unprejudiced listeners.

They are determined, however, with the co-operation of the army in pacifying as well as in fighting, to make the Philippines a peaceful, and honestly governed country before departing.

## ENDEAVORS WILL FLOCK TO LONDON

More Than 2,500 Will Attend the World's Convention in the English City June 14-18.

Boston, Mass., June 11.—More than 2,500 Christian Endeavors of the United States are going to attend the world's convention in London July 14 to 18, according to the reports received at the headquarters of the united societies up to date.

The main excursion has been arranged to leave Boston Tuesday, July 3, on the big North German line steamship Saale, which is under special charter. She will carry 520 Endeavors and accompanying friends as first class passengers. The western delegates who are to go by the same will come by special train from Chicago.

The great Alexandra central hall, the principal meeting place, is 36 feet long and 184 feet wide, and will seat 12,000 persons, the choir seats alone accommodating more than 2,000. The organ, built under the direction of Sir Michael Costa, is one of the largest and finest in the world, having four manuals and 136 stops and is blown by two steam engines. The capacity is not limited by the figures given, for on last Easter Monday 63,000 people spent the day at the palace, which has other auditoriums which hold fewer thousands.

Mrs. Gladstone Sinking Fast

London, June 11.—[Special Telegram]—Mrs. Gladstone suffered a relapse and is unconscious.

Otis Calls on McKinley

Washington, June 11.—[Special Telegram]—General Otis called on the president this morning, after a breakfast with General Corbin. When asked if the Philippine troops could be spared for China he said: "Yes; but I hope they will not be needed over there." He leaves this evening for West Point, where he meets Root.

## FUNNY MEN KILL THEMSELVES

Each Leaves a Note Containing Bits of "Ghoulish Glee."

Milwaukee, Wis., June 11.—Two humorists committed suicide in Milwaukee yesterday. Twenty-three-year-old J. A. Young, who had been beating the bucket shops, was found dead in his room in the Scammon flats in Wells street, with a gas tube in his mouth. On the desk was this note:

"Good-by to all whom it may concern or may not concern. I have done this of my own free will because of that tired feeling of which one has heard so often. I had more money than I needed. Now, no doubt you farmers wonder why I did it. But just think, you farmers. Tomorrow I'll be beheading the scenery up yonder. Good bye boys."

August Lutz, a retired farmer, well to do and a bachelor, living in the town of Lake, hung himself in the attic and then put a bullet through his brain to make a sure thing of it. Before he did so he pinned this note to the outside door:

"To be found upstairs. You may look at everything but don't carry anything away."

Nearly \$100 was found in his clothes.

Electrical Trees in India.

A German authority has recently announced the discovery of a tree in the forests of central India which has most curious characteristics. The leaves of the tree are of a highly sensitive nature and so full of electricity that whoever touches one of them receives an electric shock. It has a very singular effect upon a magnetic needle and will influence it at a distance of even seventy-feet. The electrical strength of the tree varies according to the time of day, it being strongest at midday and weakest at midnight. In wet weather its powers disappear altogether. Birds never approach the tree, nor have insects ever been seen upon it.

Boer Talking Tree.

There is a wonderful elm tree in the Transvaal. The legend of its remarkable behavior runs thus: When under its branches a council of war held by the Boer generals during the Transvaal's last war with the English a shrill voice proceeded from the tree prophesying that the Boers should be victorious over their enemies and in the future should be unconquerable.

## BOERS INFLICT A TELLING BLOW

Division Under Methuen Numbering Over 500 Is Captured.

## KILLED AND WOUNDED

Desperate Encounter in the Rear of Roberts' Army At Pretoria.

## BOERS ON THE AGGRESSIVE

London, June 11.—[Special Cablegram]—Gen. Kelly-Kenny's dispatch dated the tenth is as follows:

"Methuen with a greater part of his division was fighting June 8th, ten miles south of Heilbron. Methuen left Lindley June 5th, with ample supplies for himself and Colville. He ordered Knox to press the enemy's outposts believing the numbers exaggerated."

"Knox reports his casualties at Roodeval June 7th, two officers of the Fourth Derbyshire including Lieutenant Col. Baird-Douglas killed, five officers wounded, including Col. Wilkinson, fifteen men killed and fifty-nine wounded."

"All the others were captured except six men."

"Other casualties were thirteen men wounded. It is unofficially stated that the force sent against the Boer outposts numbered six hundred men."

Threatening Roberts' Rear.

London, July 11.—[Special Cablegram]—Gen. Kelly-Kenny, who commands the base at Bloemfontein, reports that the British have sustained a serious reverse near Roodeval. The following is from Gen. Buller today: "Our force was concentrated at the junction of the Klip river and Gansvlei last night. It was anticipated to find about three thousand Boers, but they retreated as soon as our heavy guns opened. Our casualties are six killed and seven wounded."

Buller evidently is pressing offensive operations and apparently is almost through the Drakenberg and will turn the Boers' right.

## BURGERS PUSHING THE WAR

Three Columns of Them are Near Honing Spruit.

London, June 11.—Gen. Sir Forestier-Walker wires to the war office from Cape Town, under date of June 10, as follows:

"The enemy's pickets are said to be on our line from Klip Krail and America Station Spruit to north of Fairfield."

"Information received from natives early yesterday is to the effect that a Boer force of three columns is near Honing Spruit. The railway between America and Roodeval is almost completely destroyed."

## BOERS ARE IN FREE STATE

Strong Force Is Making Matters Lively for Gen. Kelly-Kenny.

London, June 11.—Gen. Forestier-Walker cables to the war office from Cape Town, under date of June 8, as follows: "Kelly-Kenny, at Bloemfontein, reports that the telegraph has been cut at Roodeval, north of Kroonstad, by a body of Boers estimated to be 2,000 strong, with six field guns. He is sending strong reinforcements to Kroonstad and I am re-enforcing from Cape Colony. I hope the interruption will be only temporary."

Middleburg is said to be full of Boer refugees and wounded. The railway still delivers goods at Brockhorst spruit, forty miles east of Pretoria. A British column is at Bremersdorp, Swaziland. Eleven British prisoners have been taken to Middleburg. The British at Beira are moving into the interior in detachments of 200 daily.

Prize Consol Hay.

Cape Town, June 11.—The British high commissioner, Sir Alfred Milner, has telegraphed United States Consul Hay at Pretoria, thanking him for his services in connection with the British prisoners at Waterval. A widespread feeling of gratitude exists for the good work done by Mr. Hay and also by United States Consul-General Stowe here.

Ambition of Jameson.

Kimberley, June 11.—In reply to a petition to stand for parliament, Dr. Jameson said that he would accept, as everything points to the federation of the different states in South Africa within the empire in a few years. He will work for the establishment of a great imperial party under the British flag.

Grain Elevators Destroyed.

New York, June 11.—[Special Telegram]—Fire this morning destroyed the Ketcham Company's grain elevators. Loss a quarter of a million dollars.

## ROCK COUNTY FARM SOLD FOR \$16,500

THREE HUNDRED AND SEVENTY  
ACRES INVOLVED.

Property is in the Town of Beloit—  
Largest Farm Deal That Has  
Taken Place in Some Time in This  
Vicinity—Other Farm Transfers  
Recorded.

Sixteen thousand five hundred dollars  
is involved in the sale of a Rock county  
farm that has just been recorded by  
Register of Deeds O. D. Rowe being a  
transfer from Asahel Henderson to John  
A. Flack.

The sale involves a farm in the town  
of Beloit being in section eleven and  
twelve. The farm consists of three  
hundred and seventy acres. By this  
sale it brings about one of the largest  
farm sales in Rock county in some  
time.

The purchaser is a well known resi-  
dent of Walworth county. Numerous  
other farm sales have taken place of late  
in Rock county.

## CUNNINGHAM IS A LEADER

Chairman of the Rock County Democratic  
Committee a Man of Force.

The Milwaukee correspondent of the  
Chicago Chronicle has the following re-  
lating to a Janesville democrat:

"J. J. Cunningham of Janesville,  
Wis., chairman of the Rock county  
democratic committee, was born in Dane  
county since the close of the civil war.  
He lived on the home farm until he ac-  
quired his majority. His early educa-  
tion was acquired in the country and  
the high school at Madison. He taught  
school to earn the means to acquire a  
higher education.

"He entered the Wisconsin university  
in 1888, graduated from the classical  
course in 1892 and from the college in  
1894. In July 1894 he was an unsuc-  
cessful candidate for district attorney in  
Green county. In November 1894, he  
got an opening in Janesville with a  
broader field and larger opportunities  
for the practice of his profession and met  
with success from the start.

"He now has a large practice in the  
circuit and supreme courts and he has  
been active politically. He has attend-  
ed state conventions as a delegate for  
ten years and has been chairman of the  
Rock county democratic committee for  
two years. It is owing to his efforts  
that the county has a perfect organiza-  
tion."

## LOCAL SPORTS ARE GOING

Will be in Chicago Tomorrow Evening  
to Attend the Tattersall Show.

Several from this city expect to be in  
Chicago tomorrow evening in attendance  
at the fistic program to be offered at  
Tattersalls. Interest in the match be-  
tween Jack Jeffries and Billy Stiff at  
Tattersalls next Tuesday evening con-  
tinues. Jeffries has been seen by many  
of the fistic followers of Chicago in his  
training quarters and all pronounced  
him a wonder for so large a man. He  
is quick and clever.

Jeffries' opponent, however, is a man  
who has had years of ring experience.  
He is clever, a knockout puncher and  
game to the core. He will stand more  
punishment than almost any fighter in  
the business, and is willing to fight  
from start to finish. He is confident of  
his ability to put the champion's little  
brother away for the present at least.

## FAILED TO VISIT ROCKFORD

Many Local Golfers Intended to Go But  
None Made the Trip During the Day.

At the opening of the Rockford golf  
grounds today Janesville was not well  
represented. Several days ago the  
Rockford club extended an invitation to  
members of the Sinissippi club. At  
that time several from here thought  
they would make the trip. Today the  
opening took place but as far as known  
no one from here was in attendance. A  
delegation of local golfers intend to make  
the trip later.

## Chicago City Seeking Settlement.

Chicago, June 11.—The Buildings  
Trades council has passed resolutions  
asking the unions to appoint delegates  
in accordance with the request of the  
contractors for a conference. The ac-  
tion of the council is considered an  
important step toward a settlement of  
the lockout. The resolutions were  
passed in response to a communication  
received from the contractors a week  
ago, in which the purpose of the pro-  
posed conference was outlined.

## Hungry Nerves

Are nerves deprived of vital  
power; nerves easily irritated,  
quickly tired out and readily  
overcome by disease. When  
there is headache, dizziness,  
loss of appetite, indigestion,  
palpitation or fluttering of the  
heart, neuralgia, sleeplessness,  
irritability of temper or a gen-  
eral failing, the nerves are  
hungry and need food and rest.  
Why not feed them?

## DR. MILES' Nervine

will do it. Try it a few days  
and you will feel better.

"I have taken Dr. Miles' Nervine for nerv-  
ousness, sleeplessness, loss of appetite and  
general lassitude, and I am now myself  
again."

## GEORGE WEST IS GETTING ON

One of the Most Popular Jockeys in  
the United States

One of the most popular and success-  
ful drivers in the United States today is  
George West and his many friends in  
Janesville will be pleased to learn that  
he is not only the driver but part owner  
of probably the fastest trotting stallion  
in the world, the Wilkes-Electioneer  
horse, Tommy Britton, that sold at auc-  
tion last winter for \$20,000. Recently  
in his work at Wheaton, Ill., he trotted  
the last quarter of a mile in 29½ seconds,  
a 1:58 clip, certainly sensational if not  
phenomenal speed so early in the season.  
If nothing goes wrong with Britton  
Champion Directum, 2:05½, will cer-  
tainly be dethroned in 1900.

George has a warm place in his heart  
for, as he expresses it, "old Janes," as he  
fully appreciates the kindness shown  
him while convalescing from the nearly  
fatal accident he met with in a race over  
our track a few years ago.

That West is a general favorite over  
all the prominent tracks in America and  
has been very successful in his profes-  
sion is not surprising for like our own  
popular driver, John Kelly, he is a skill-  
ful and resourceful driver, honest and  
courteous, elements that bring success  
in any profession or calling.

## HAS SEVERAL GOOD HORSES

John Kelly Ready for the Campaign on  
Grosse Pointe Track

Mr. and Mrs. John Kelly left here for  
Detroit last Wednesday morning, after  
a brief visit with Dr. and Mrs. Whiting.  
Mr. Kelly has the horses he is to cam-  
paign at the Grosse Pointe track, where  
he will prepare them for the hard work  
of the campaign season. He has several  
horses that promise well—one a pacing  
brother to the champion Star Pointer,  
that is well liked. The pride and hope  
of the stables is "Larabee," that was a  
sensational three-year old trotter in '98,  
making a record of 2:12. If he stands  
his work he will certainly prove one of  
the great horses of 1900, and has a good  
show for the stallion record. Larabee  
is a grandson of George Wilkes, and is  
considered one of the handsomest horses  
in training. Charley Herr, who gained  
such a grand reputation as a race horse  
through the skillful handling of Mr.  
Kelly in 1889, will be in Detroit next  
week. Mr. Kelly has many warm  
friends in Janesville, and he certainly  
has their best wishes for success and  
honors.

turn until June 14th, account Democra-  
tic State convention.

## Chief Source of Amber.

Gold of the Baltic sea, as amber is  
often called, is found in various places  
on the globe, but nowhere in such  
abundance as on the shores of the  
Baltic from Memel to Danzig, and  
there principally on the coast of the  
oblong piece of land jutting out into  
the sea between the Kurische and the  
Friscche Haft. It is, in fact, a vege-  
table product, a fossil gum of a conif-  
erous tree, and from time immem-  
orial it has been used as a jewel  
by many a fair lady.

## Expected to Rise Free.

One of the companies whose steam-  
boats ply on the great lakes has a  
standing rule that clergymen and In-  
dians may travel on its boats half fare.  
A short time ago an agent of the line  
was approached by an Indian preacher  
from Canada, who asked for free trans-  
portation on the ground that he was  
entitled to one half rebate because he  
was an Indian, and the other half be-  
cause he was a clergyman.

## Hangs Pictures for a Living.

There is in New York a young wo-  
man who hangs pictures for a living.  
Her novel occupation is both pleasant  
and profitable. She finds most of her  
customers among people of moderate  
means, who cannot, like the very  
wealthy, employ a distinguished artist  
or first-class decorator for such work.

## Exception to the Rule.

"We ought to put more personal  
warmth in our letters." "O, I don't  
know. A man I knew once put a  
lot of personal warmth in some let-  
ters, and it got him into court in a  
breach of promise suit."—Indianapolis  
Journal.

## ENUMERATORS HERE EARN THEIR MONEY

ASSIGNMENTS HAVE BEEN MOST  
DIFFICULT.

Obliged Many Times to Remain at  
Boarding Houses During the Noon  
—Majority of People Have Been  
Very Prompt in Answering the  
Questions.

Nine enumerators in the city of Janes-  
ville who now have the work in hand of  
gathering the local United States cen-  
sus have already found that they have a  
task that is a long ways from being a  
government snap. It has been hard  
work from the start. In the railroad  
and boarding house districts the work  
has been the hardest.

When the census man called at a  
boarding house he would generally find  
no one at home except the landlady or  
landlord. Of these he could not obtain  
the desired information. Then to all  
parts of the city the vexed enumerator  
would be obliged to go in order to locate  
his man.

Often times the census taker has gone  
without his dinner being obliged to re-  
main at boarding houses during the  
noon hour. But few complaints have  
been received the majority of the citi-  
zens having been prompt in answering  
all questions.

## GRAND PICNIC AT CENTER

Public Schools Participate and a Good  
Time Was Had.

The schools of Misses Daniels, Vor-  
hees, Mutchler, McDonald, Fenton and  
Messrs. Nicholas and Levi Ross took  
part in a large picnic in Center Satur-  
day. The day was spent in games of  
various kinds including two ball games,  
played by teams from the different  
schools.

Music was furnished by the Y. M. C. A.  
band from this city. After dinner  
was served the afternoon exercises be-  
gan, at the conclusion of which County  
Supt. Wm. M. Ross, in a few appropriate  
remarks, presented diplomas to the fol-  
lowing graduates: Roger Wiggins,  
Stanley Phillips, Ralph Bryan, Myrtle  
Strang, Bessie Newell, Florence Owen,  
Calla Lacy, Lynn Snyder and Harvey  
Miller.

At the conclusion of the exercises able  
addresses were made by Senator J. M.  
Whitehead and Assistant State Superin-  
tendent Parker.

## MANY INSPECT THE TRESTLE

Fully One Thousand People Were on the  
Scene During the Day

During Sunday a large crowd of in-  
terested spectators paid a visit to the  
mammoth trestle at Monterey now in  
course of construction by the Janesville  
and Southeastern railroad. During the  
day it is estimated that fully a thou-  
sand visited the scene. The work is  
now being carried on at night as well  
as by day, numerous electric lights  
having been erected.

## The Eagle's Heart.

Mr. Hamlin Garland's most recent  
work is a vigorous story of Western  
life, entitled "The Eagle's Heart." In  
this brilliant story he draws a remarka-  
bly strong picture of the adventurous  
life in cowtowns and mining settlements,  
and shows every phase of the aggressive  
existence of miner, plainsman and  
cowboy. An absorbing love story is skill-  
fully woven into the fabric of peril and  
adventure.

The Eagle's Heart, superbly illustrated  
by Mr. Harrison Fisher, will begin in The  
Saturday Post for June 16, and run  
through the summer numbers of the  
magazine.

## Sales of Seed Leaf Tobacco

the Madison Medicine Co. Smith's  
Pharmacy, Kodak agents.

## Acclaim of the Greeks.

When Dr. Alexander, the first Ang-  
lican bishop of Jerusalem, arrived at  
Jaffa, the Greeks on the shore, whose  
language is the lingua franca of de-  
based Italian commonly spoken in  
Syria, were duly impressed by the  
Episcopal shovel hat and knee breeches,  
and cried out in admiration: "Ves-  
covo! Vescovo!" (Bishop). Mrs. Alex-  
ander followed. The Greeks were puzzled,  
but being informed that she was the  
bishop's wife, rose to the occasion  
with a shout of "Vescova! Vescova!"  
This made the next step easier, so  
when a little procession of four or five  
children followed their mother up the  
beach, the Greeks threw up their hands  
in wonder and delight and screamed  
out, "Vescovina! Vescovina!"

## Regularly Salary.

The young congressman ran his eye  
again over the pages of the speech he  
expected to deliver on the morrow. He  
made a trifling alteration or two, pass-  
ed his hand across his brow, folded  
his arms, and gazed hard at the type-  
written pages before him. "And all I  
get for this kind of work," he remu-  
nated, "with a tinge of bitterness in his  
tone, "is \$5,000 a year."—Chicago Trib-  
une.

## RICHARDSON GOLF TROPHY

## CANARIES ASSISTED CHOIR

An Odd But Pleasing Feature Introduced  
At the Congregational Church.

During the observance of children's  
day at the morning service yesterday at  
the Congregational church an odd and  
most pleasing feature was the active  
part that two canary birds took in the  
musical program. On each side of the  
choir was placed a bird cage containing  
a songster. With each number rendered  
by the choir the little songsters would  
sing as if there little lungs would break.  
They even insisted on singing during  
Rev. Denison's sermon. Their sweet  
voices could be heard at times above the  
choir. The singing of the birds greatly  
pleased the children. The idea was a  
unique and most appropriate one.

## DRUNK CONTORTIONIST IN JAIL

Sent Here From Beloit to Serve Out Five  
Days—Is Quite an Artist

Gust Glickauf, a professional contor-  
tionist, is the latest prisoner to arrive at  
the Rock county jail from the moral  
city of Beloit. For being drunk this  
freak of a prisoner was sent to jail for  
five days.

Glickauf can unjoin his fingers and  
fix them up in a manner that would do  
credit to Stephenson's Mr. Hyde. He  
is also a lightning artist and can draw  
pictures of the presidents or the latest  
champion of the prize ring while you  
are rolling a cigarette.

## SEVERAL CHILDREN BAPTISED

Interesting Services at the Congrega-  
tional Church Yesterday

At the Congregational church yester-  
day morning several children were bap-  
tized. In front of the altar the cere-  
mony took place. Those baptized were:  
Albert Patterson Kemmet, Margery  
Frances O'Donnell, Lucy Irene Shuler,  
Anna Rachel Shuler, Frank Elmore  
Shuler, Steven Barret Shuler, Margaret  
Louise Cunningham, Fred Asa Greene,  
Howard Ransom Greene, Ida Greene,  
Walter Lucius Greene, Helen Irene  
Greene, Irene Eleanor Peterson and Far-  
rand James Sayre.

## FOR CLEVER FINGERS.

How to Make Several Novel and Useful Little Things.

This is an easy variation of the many devices for recording the progressive feats of the autocrat of the family. Twenty-seven inches of three and a half inch wide satin ribbon, a yard of a quarter inch wide satin ribbon of shade to match and a small paper book are needed. The book should be about 3 1/4 inches wide by 4 1/2 long, should contain about a dozen leaves at least and may be made of any note or other desired paper at hand. Mark half of the ribbon, also a space for a three inch deep fringe at each end, and above the space at one end embroider the words "Baby's Record." Above the words a few scattered flowers can be worked in dainty silks. The flowers can be daisies, snowdrops or forget-me-nots or all three. Put the book in the fold, pierce holes through both ribbon and book, threading the narrow ribbon in and out through the holes and tying at the back to secure it. Make the rest of the narrow ribbon into a loop by which to hang up and complete by the three inch fringing at each end of the wide ribbon.

The substantial putting together is intentional, as mothers rarely throw such things away, and baby's first smile, first tooth, first word and first step are events which will never lose their interest.

**A Pretty and Handy Workbag**  
For Summer Use.

With the season of seashore and mountains so close at hand many ladies who are given to handy work will be glad to know of a pretty, inexpensive and useful workbag. One that contains pockets for needles and silks and still has plenty of space for the embroidery requires 1 1/2 yards each of figured and plain india silk and 2 1/2 yards of one-half inch satin ribbon.

Cut a six inch square from pasteboard. Cover the outside with the figured silk, and line the inside with the plain silk, fitting it closely. Cut two widths of the figured silk 12 inches deep and two widths of the lining silk nine inches deep. Sew both in place around the six inch square, which serves as a bottom to the bag. Along the remaining edge turn a 1 1/2 inch hem in the figured silk so that it just covers the edge of the lining silk. Make a second stitching one-half inch above. The casing thus made will serve for the drawing strings. Two widths of lining silk six inches deep are gathered and sewed around the edges of the square on the inside of the bag and fastened at intervals against the lining of the bag. A hem is turned along the upper edge and narrow elastic run through and fastened at each end of the pocket.

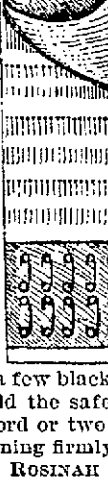

Four buttonholes are worked in the outside silk of the drawing ribbon casing at points which correspond with the corners of the cardboard bottom. Four drawing ribbons are run through the casing and drawn out through the buttonholes. They bows make a pretty finish for these loops.

Another embroidery bag that is very pretty and less expensive than the foregoing one is made of one-fourth yard of pure white "butcher linen." Fold the goods lengthwise and embroider the front in delicate clover blossoms and violets. A large monogram in old rose silk floss decorates the other side of the bag. In selecting embroidery silks choose those only which are guaranteed to wash without fading. French seam the bag. Turn a two inch hem and make a one-half inch openwork hemstitching. Run a double drawing ribbon of old rose grosgrain ribbon through the hemstitching.

**A Pin Banner**  
For Bachelors' Quarters.

This is especially suited for bachelors' quarters. A paper of pins, three-quarters of a yard of ribbon wide enough to carry the paper and soft material for a small flat pincushion are needed. Turn up a hem at each end of the ribbon and secure it with brier stitch or plain sewing; then fold the ribbon in half and brier stitch or neatly fasten the fold in position; embroider the word "Pins" under the fold, which will indicate the right side and show the use of the banner. Make the cushion and fasten it to the lower end of the back inside, and above it secure as much of the paper of pins as there is room for. If possible, a few black pins should be included. Add the safety pins and supply a short cord or two brass headed nails for fastening firmly to the wall.

## Gen. Otis Reaches Rochester.

Rochester, N. Y., June 11.—Gen. E. S. Otis, who is to be the city's guest next week, accompanied by his wife and daughter and Capt. Laighton of the United States army, arrived in Rochester, coming through from Chicago. He will make a flying visit to his old home on the Liell road, just outside the city line, and leave for Washington some time during the day. When asked if there was anything he could add to the subject of the Philippines, he said: "The war in the Philippines is over; that is all there is to say about it now."

## Saw Napoleon's Funeral.

Detroit, June 11.—Capt. Francis Martin was 100 years old yesterday, and in honor of it he held a reception, which was attended by many of the representative citizens of the city. Capt. Martin served over 50 years in the naval and revenue marine service of his country, and has been on the payroll for 79 years. In 1821 his ship, the Purinton, put into St. Helena for water, and he saw the funeral of Napoleon Bonaparte. He is hale and hearty and expects to live many years yet.

## Has Voted to Dissolve.

Kansas City, Mo., June 11.—The Building Trades council decided by a unanimous vote to dissolve.

## Henry Moeller Made a Bishop.

Rome, June 11.—Rev. Dr. Henry Moeller, secretary and chancellor of the archdiocese of Cincinnati, Ohio, has been appointed bishop of Columbus, Ohio. Rev. Henry Moeller was born in Cincinnati in 1849, and was one of the first students in the American college at Rome. He was formerly pastor at Bellefontaine, Ohio, and professor at St. Mary's seminary. In 1879 he was secretary to Bishop Chatard.

## Young Man Is Drowned.

Canton, Ill., June 11.—William Dow, aged 21, of Utica, Ill., was drowned by the upsetting of a skiff at Copperas Creek lock. His companions—Fannie Bains, Jessie Thomas, Maude Smith and Alva Bains of Utica—were rescued with difficulty by C. M. Pierson and L. B. Woodruff.

## Mrs. McKinley's Dog Taken.

Washington, June 11.—A dog belonging to Mrs. McKinley, which had been sent to her from Liverpool by Consul Boyle, was "taken up" by the dog catchers for being unmuzzled in the street. It had run out of the white house grounds.

## Paris Exposition a Failure.

New York, June 11.—Lispenard Stewart, a leader of New York society, who has just returned from abroad, says that the Paris exposition is far behind that of Chicago. It is a failure. New York society in a few weeks will not be represented in the gay capital. Every ship coming to port brings a cabin load of representatives of the "400" and the exclusives and the Klackerbockers.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night for fifty times its price.—G. H. Wilson, Liverman, Burgettstown, Washington Co., Pa. ## Officer Slays Thief.

Chicago, June 11.—A burglar, surprised at his work in West Madison street early this morning, opened fire upon Private Watchman James Delaney and shot him twice. Bleeding from a wound in the left breast and another in the left hand, Delaney returned the fire and sent two bullets through his assailant's brain, killing him instantly. This makes the second burglar that Delaney has killed.

## Wife of Omaha's Mayor Killed.

Omaha, Neb., June 11.—The wife of Mayor Frank E. Moors sustained injuries in a runaway accident from which she died. She was out driving with a woman friend. When the horse started to run she jumped, striking on her head and fracturing her skull. Mrs. Moors was a cripple and had been a great sufferer for years.

## Father-in-Law Becomes Tired.

Kansas City, Mo., June 11.—J. W. Parker shot his son-in-law, Edward Carl, in the abdomen, causing a wound that may prove fatal. Carl lived at Parker's house and had been out of work. When arrested Parker gave as his only excuse for the shooting that he "was tired of having Carl around."

## Blood Troubles: Cancer, Scrofula, Old Sores, Rheumatism, Contagious Blood Poison, Chronic Ulcers.

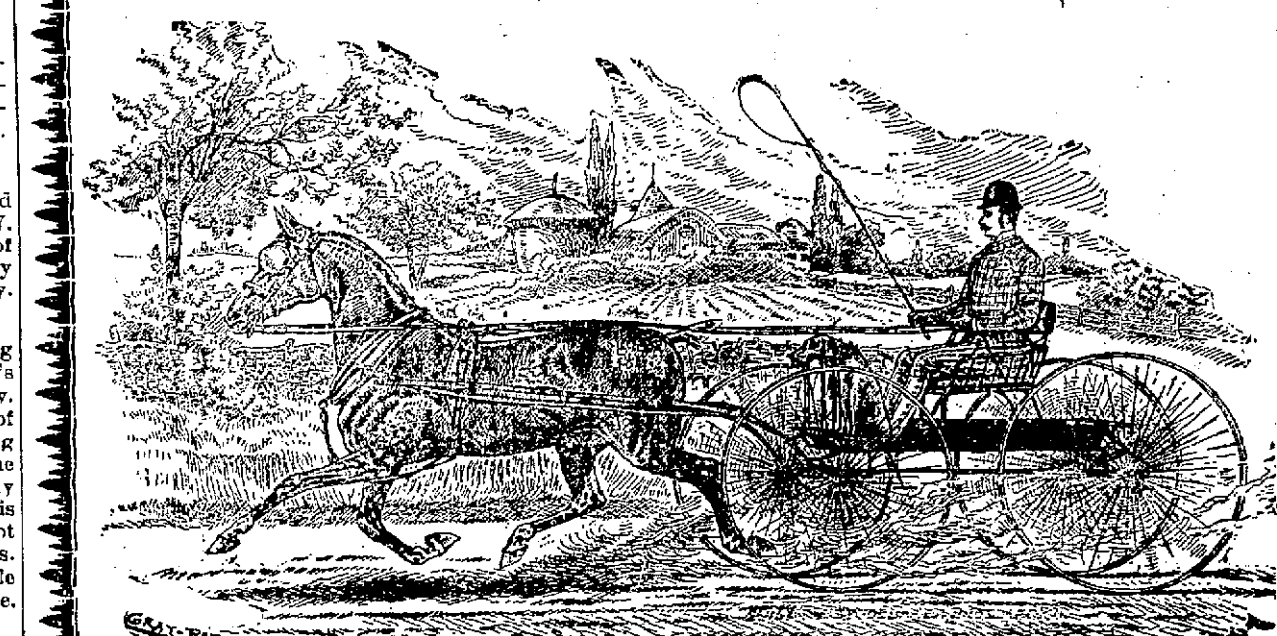

As the blood contains all the elements necessary to sustain life, it is important that it be kept free of all impurities, or it becomes a source of disease, poisoning instead of nourishing the body, and loss of health is sure to follow. Some poisons enter the blood from without, through the skin by absorption, or inoculation; others from within, as when waste products accumulate in the system and ferment, allowing disease germs to develop and be taken into the circulation. While all blood troubles have one common origin, each has some peculiarity to distinguish it from the other. Contagious Blood Poison, Scrofula, Cancer, Rheumatism, Eczema and other blood diseases can be distinguished by a certain sore, ulcer, eruption or inflammation appearing on the skin. Every blood disease shows sooner or later on the outside and on the weakest part of the body, or where it finds the least resistance. Many mistake the sore or outward sign for the real disease, and attempt a cure by the use of salves, liniments and other external applications. Valuable time is lost and no permanent benefit derived from such treatment.

**BLOOD TROUBLES REQUIRE BLOOD REMEDIES;** the poison must be completely and permanently eradicated—the blood reinforced, purified and cleansed, or the disease goes deeper and saps the very life. Mercury, potash and arsenic, the treatment usually prescribed in this class of diseases, are violent poisons, even when taken in small doses—never cure, but do much harm by adding another poison to the already overburdened, diseased blood.

S. S. S., Nature's own remedy, made of roots and herbs, attacks the disease in the blood, antidotes and forces out all impurities, makes weak, thin blood rich, strong and healthy, and at the same time builds up the general health. S. S. S. is the only purely vegetable blood purifier known, and the only one that can reach deep-seated blood troubles. A record of 50 years of successful cures proves it to be a reliable, unfailing specific for all blood and skin troubles.

**Free Medical Treatment.**—Our Medical Department is in charge of skilled physicians, who have made blood and skin diseases a life study, so if you have Contagious Blood Poison, Cancer, Scrofula, Rheumatism, Eczema, an Old Sore or Ulcer, or any similar blood trouble, write them fully for advice about your case. All correspondence is conducted in strictest confidence. We make no charge for this service. Book on blood and skin diseases free. **SWIFT SPECIFIC CO., Atlanta, Ga.**

## THIS DAY IN HISTORY.

1294—Roger Bacon, commonly called Friar Bacon, scholar, alchemist and liberal writer, died at Oxford; born 1214. Bacon was educated at Oxford and at Paris. He took the vows of the Franciscan order at Oxford.

1776—The Continental congress named the committee of five to draft the Declaration of Independence. Jefferson wrote the draft, which he submitted to Franklin and Adams and adopted their verbal alterations in a copy reported to the full committee.

1798—Napoleon seized the island of Malta on his Egyptian campaign. The seizure of Malta by the French was the indirect cause of its acquisition by England. After the battle of the Nile and the downfall of Napoleon's oriental schemes the Maltese arose in insurrection and compelled the French to take refuge in the fortress of Valletta. Siege and famine reduced them to straits, and they surrendered to the English, who had come to aid the Maltese. England took the island and has since held it.

1847—Sir John Franklin, naval officer and Arctic explorer, died in the Arctic regions; born 1790.

1870—William Gilmore Simms, author, died at Charleston; born there 1806.

1898—Spanish attack on the American marines at Guantanamo, first battle of Americans in Cuba; Dr. John Blair Gibbs killed.

1899—General Lawton's division fought the Philippines at Las Pinos. The Rev. William Garden Blake, D. D., L. L. D., Scotch theologian, died at North Berwick, Scotland; born 1820.

## THE EVENING WISCONSIN.

Fifty-three years ago last Friday the first issue of The Milwaukee Evening Wisconsin came from the press, and in honor of the anniversary Andrew J. Aikens in the course of a signed editorial, gave these facts:

"The first number of The Evening Wisconsin was printed on the afternoon of June 8th, 1847. It was a small four-page paper, printed upon a hand-press, the type set by hand, whose advent was not heralded by any fulsome words or by sounding promises; but modestly and earnestly it set to work to do what it could for the benefit of the people and city in which it was a resident. The population of the city at that time was 12,000 souls. Of these not more than 8,000 still remain alive, and of that number the majority have gone out of the great Northwest to help build other cities and cultivate other lands. Of the employees and assistants of Mr. Cramer in the publication of The Evening Wisconsin of that day, not one is known to the writer to be alive today. Mr. Cramer remains alone to tell of the hurry and bustle of the issue of the first paper. Only three other persons now connected with the publication of The Evening Wisconsin were yet born, upon that June day in 1847—A. J. Aikens, John F. Cramer and Louis Leiby."

"No railway trains came to the city from the outside world until eight years afterwards. There were no paved streets, there was no electric light, there were no steam fire engines, there were no libraries, no art galleries, none of the modern appliances of a city. The young Evening Wisconsin first printed news by telegraph some six months after its first publication, and ten years later it published the first dispatch which came under the Atlantic ocean. Today the Evening Wisconsin goes regularly to the homes of a city of 80,000 population, a city of beauty, of wealth and all the modern appliances of civilization. In the fifty-three years past more has been done for civilization than in the previous five hundred years, so that the life of The Evening Wisconsin of fifty-three years covers the greatest epoch in the history of the world."

"The Evening Wisconsin starts out today in the fifty-fourth year of its publication, full of hope and promise of its future. It will strive as in the past, to keep step with the spirit of the age. Whatever will interest, instruct and elevate the readers it is our purpose to give in these columns, in the future as in the past, without boast or brag. To continue in the vanguard of our way, giving all the news and advocating the interests of Milwaukee and Wisconsin."

The Janesville Gazette was two years old when The Evening Wisconsin was born, having been established in August, 1845—and therefore the early history of the two publications is much the same.

The Wisconsin's long life has not been wasted. It stands, today, among the leading papers of the United States. Its policy has always been to be wisely conservative, thoroughly republican, and absolutely reliable in all respects. The Gazette congratulates its pioneer Milwaukee contemporary. May its "shadow never grow less" in the ages to come—it has sowed well, may it reap in the fullness.

The Janesville democratic triangle met its match when it encountered Barister Buckley of Beloit. The triangle was beaten and Buckley is boss. Hate off, gentlemen, to the astute Beloit with the shiny plug hat. As "the boys" says, "he's th' hull works," and the Janesville men are but penitents on the mounter's bench.

The historian of the Janesville Democratic Triangle is now engaged in writing a story for publication in the Triangle's Janesville organ. The title of the work will be: "You Can't Keep a Good Man Down, or, The Successful Bucking of Con Buckley, Beloit, Barister, Bryanite and BOSS."

Committeeman Wall, Milwaukee—Boss Buckley's address is "Beloit, Wis." and you would do well to drop him a line before it is too late. Janesville Democrats cannot help you. You must bow before Boss Buckley if you want anything from Rock.

Do not forget, Uncle Sam, that Russia sent up her fleet when the other nations were plotting our downfall. One good turn always deserves another.

The League of Wisconsin Municipalities made an excellent choice when it elected

Mayor Victor P. Richardson as president. Mayor Richardson has been one of the foremost workers in the League, and his fellow members appreciate his efforts.

Constant Reader—Your fears are not well founded. Boss Buckley will doubtless let the shattered remnants of the ex-Janesville democratic machine live, but if a voice is heard in the ruins, he'll certainly turn the hose on it.

Recent events make Cornelius Buckley, barrister, of Beloit, the logical candidate for vice presidency with Bryan. Let it be Bryan and Buckley, and cheer, Bourbons, cheer!

The democrat who wants to go to a state convention can reside in any ward in the city, so long as he lives in the Fourth.

## MR. WHITEHEAD'S CANDIDACY.

Presents a Solid Front.

Elkhorn Independent—Some people in Green county seem to feel very much aggrieved to think that LaFollette has come into the canvass so late in the day. This is a free country and any man may run for governor or any other office whenever he chooses, providing he does it honestly and without an effort to besmirch his antagonist. Mr. LaFollette declares his innocence of all these charges this year, and it is very gratifying to those whose political sensibilities were grossly outraged, two years ago. Of his candidacy, the Brodhead Independent, in a locality of Green county heretofore solid for the able statesman from Madison gives the following:

But it is not oratory only that is needed in the gubernatorial chair, it is moral stamina, a strength of will, which while it lacks impetuosity, does not fall in endurance. It is too late now for Mr. LaFollette with all his ability, to enter the arena of the first district; with his nice sense of honor he should have spoken earlier or not spoken at all. Could he get an endorsement from the first district of what value would it be now? Simply to turn the first district into ridicule. The men of this district know their own interests better. In union lies their strength; they have a candidate equal to any; one who honors their choice; and they will give undivided support to J. M. Whitehead.

There is reason in this, inasmuch as the first district should present a solid front for John M. Whitehead, because he is able, honest, and a "Moral Gibraltar" in all particulars and then he is our candidate.

All Delavans Are Solid.

Delavan Enterprise—An enthusiast in the Milwaukee Sentinel booms Ed. Coe, of Whitewater, for governor. What he says is all correct and true, but Ed is satisfied with his present job, and besides the call comes too late for everybody is committed to Hon. J. M. Whitehead.

A Jefferson County Opinion

Ex-Gov. Hoard's paper, the Jefferson County Union, says: At the meeting of the Republican county committee at Jefferson Wednesday it was plainly to be seen that the LaFollette sentiment was strong among members from the Second assembly district. In the first district it was somewhat divided between LaFollette and Whitehead.

Two Straight Flushes. I played poker for 12 years and never saw a straight flush. A few nights ago a woman in a millionaire's row palace held one and, disdaining the small pile of cash on the table, called for her check book. Everybody except an old bachelor who had learned the game in the Union club laid down. He, scoring to take advantage of a weak woman, said:

"Mrs. B., let me advise you to be careful. I shall see you for any amount and raise you. The limit is off, I suppose?"

She said it was and cast a check for \$500 in the pot.

"Before I see that may I ask a question?" he said to the assembled players. "I want to know this—in case there are two straight flushes, each ace high, which suit wins?"

"Diamonds," was the unanimous reply.

He handed to Mrs. B. her check and, laying down a ten, jack, queen, king and ace of diamonds, remarked that she was a very brave woman. But she assured him that her hand was worth \$500 and exposed a ten, jack, queen, king and ace of clubs.

"How far would you have gone?" some one asked her, to which she made answer:

"I shouldn't have thought of stopping under \$5,000, and I am half angry that he didn't give me a chance to bet. It's such glorious fun."—New York Press.

Powder Burns In Shooting Cases. "Powder burns have played a curiously important part before the courts," remarked a New Orleans lawyer who has a large criminal practice. "Their presence or absence is often depended upon to determine proximity in mysterious shootings, and they have frequently settled the question of suicide or murder where the fact was in doubt."

"I was interested in a case of that kind in the early days of my practice, and prevailed upon a prominent surgeon of this city who is now dead to ascertain for me by practical experiment upon a body in the dissecting room exactly how far away the explosion of a pistol would produce burns and powder marks. He used a .32 caliber revolver and found that the flame of the discharge made a distinct burn at a distance of 2½ feet, and powder marks were left at a distance of more than two yards."

"Of course the grains were not actually driven into the skin, as they are at shorter range, but the marks were clearly discernible and could not be easily removed. I was surprised at the

result, and it satisfied me that many erroneous conclusions had been drawn from such evidence in the past. It is generally supposed that the weapon must be held almost against the skin to leave traces of flame and powder."—New Orleans Times-Democrat.

## Magnetic Clay.

Most kinds of clay contain a considerable proportion of iron. The red color of bricks, for example, is due to the presence of oxides of iron. Whenever an object molded of clay is baked at the temperature of the potter's furnace in the presence of a magnetic field or influence, the otherwise homogeneous clay shows when cooled traces of magnetism in a definite direction. This inherent magnetism is sufficient to show the direction and give an idea as to the intensity of the magnetizing force that acted while the clay was in the furnace.

This peculiar property has been used to solve some questions of great interest to scientific people in general. An accurate knowledge of the direction of the earth's magnetic force in early historical times has been deduced by several Italian physicists from study of the traces of magnetism shown by Etruscan vases and other objects of clay exhumed from old tombs. The conclusion reached is that the direction of the earth's magnetic field has varied very greatly in the 5,000 or 6,000 years represented by the age of the objects examined.

## Four Stages of Lacemaking.

Lacemaking, like its sister arts, has passed through four stages of designs—the medieval, geometrical, renaissance and rococo. It attained its greatest perfection toward the end of the seventeenth century.

## SEVENTY-FIVE MEN ARE DISCHARGED

### FIREMEN ON THE CHICAGO & NORTHWESTERN

Men Employed on the Madison Division Reported Let Out—Such a Report Comes From Baraboo—No Reason Is Given for the Change—How It Will Effect Janesville Firemen.

In local railroad circles on the Chicago & Northwestern considerable excitement was caused today by the report circulated to the effect that seventy-five firemen had been discharged. These discharged firemen were at work on the Madison division which effects Janesville. No cause is given for the discharge. A local fireman said this morning:

"From what I can learn several firemen have been notified that their services are no longer needed. I doubt about the number of discharged men reaching seventy-five. Some of the firemen reside in the Bower City. The report comes from Baraboo."

Victoria in Military Costume. In the earliest years of her reign the queen was accustomed to view her troops mounted on a charger dressed in military costume. Two months after her accession, mounted on a gray charger, she wore a trim blue cloth coat and skirt with a star on the breast, and a round cap with a peak ornamented with a deep gold band, in reviewing for the first time the Household troops at Windsor. Later on the queen was dressed in a long habit with a cutaway jacket and a large hat ornamented with military plumes.—Scottish American.

Chinese Widows Seldom Marry. In China, it is the rule of good society that widows do not remarry. They are not forbidden to do so, but they are thought more highly of if they don't. In order to encourage them the government, when they have passed the age of 50 and have not remarried, confers on them a tablet containing a eulogy of their virtues, which they can stick up over their front door if they like.

## KILLED IN ST. LOUIS RIOTS.

Strikers Shot During a Pitched Battle with Deputy Sheriffs.

## THE DEAD FOUR IN NUMBER.

Transit Lines the Scenes of Trouble All Day—A Big Thunderstorm Rages During the Fight—Prominent Citizens Do Fighting.

St. Louis, Mo., June 11.—Four dead, one fatally injured, eleven severely hurt, four cars derailed by dynamite and the temporary dismantling of two car lines by wirecutters make up the results of today's rioting. Several innocent rioters were killed by the police in various parts of the city. The dead: C. Edward Thomas, striking conductor on the Chouteau avenue line, shot in the breast by deputy sheriff, died on way to hospital; George Rine, aged citizen, shot and instantly killed while standing in his front yard by deputy sheriff; Ed Burkhardt, striking conductor on Belmont avenue line, shot in head, died in hospital. The wounded, so far as their names could be obtained: Oscar Marvin, conductor on the Lee avenue line, shot in right hand and arm, serious; August Smith, shot in right arm and breast, not serious; Charles Ludwig, shot in hand, not serious; Malachy Moran, policeman, seriously beaten by a crowd that attacked car; Peter Smith, conductor, beaten by a crowd; Charles Kuhn, conductor, beaten by a crowd; Albert Strong, motorman on a Market street car, skull fractured by stones thrown by a mob, will die; Ed Barry, motorman on Laclede avenue line, hit on head with brick and badly injured by a mob as his car was passing; James McGuire, severe scalp wounds received in a fight with strike sympathizers which followed a dispute; John McElroy, scalp wounds, beaten by strike sympathizers in same fight.

Five hundred strikers and a company of deputy sheriffs fought a pitched battle Sunday night in Washington avenue, near Sixth street, in the heart of St. Louis. The strikers, in the uniforms of conductors and motormen, were returning from a meeting in East St. Louis. They marched up Washington avenue with a band at their head and cheered as the vanguard came abreast of the deputies' barracks at 624 Washington avenue. The garrison of deputies appeared at the front door of the barracks to view the parade. A crowd assembled at each corner to watch it. Then somebody threw a brick through the window of a Lindell avenue car that was passing. Capt. Webster of the First regiment, Missouri national guard, rushed into the street to arrest the man who threw the brick. Capt. Webster had his repeating shotgun in his hands and as he approached the car tracks pistol shots resounded, as if coming from the ranks of the marching strikers.

The band stopped playing instantly. A deputy standing on the sidewalk took deliberate aim at the pistol shooter and began to fire. In an instant the whole column of strikers was on the defensive. Pistols were drawn and the men backed up on the north sidewalk, where they seemed prepared to do battle. The sheriffs came rushing pell-mell from the barracks to the south sidewalk with weapons ready, but loath to fire upon a silent opponent. Then somebody standing behind the embattled strikers fired five shots in quick succession at the group of deputies, and the response was a roar of shotgun detonations that put the strikers to almost immediate flight and brought a crowd of many thousands rushing toward the scene of battle.

When the street-car men ran away three lay writhing upon the sidewalk. Most of the deputies fired high and the glass fronts of the stores on the north side of the street were shattered. No deputies were hit.

A furious thunderstorm prevailed during the battle, and the roar of shotguns and pistols was mistaken by many for the peals of thunder, which were frequent.

In the posse which fired upon the strikers were William P. Kennett, ex-president of the Merchants' exchange; Judge Chester H. Krum; Charles Nagel, former president of the city council and a wealthy lawyer; Frank Johnson of the Simmons Hardware company; John Atkinson, a wealthy grain dealer; and John H. Overall, formerly city attorney. Many of the sons of wealthy St. Louisans were in the squad which fought the rioters.

Striking Miners Given Relief. Spring Valley, Ill., June 11.—A new feature of the strike which began April 25 has taken place. The \$10,000 relief fund voted by the state officials

of the United Mine Workers' organization to help the miners of this city was paid out here. The money was distributed pro rata to the various local and by them handed over to the men, giving each \$6.50. Mack Taylor, national president of the Coal Hoisting Association of Engineers, succeeded in getting all the engineers into their union, and the last obstacle to the resumption of work next week thereby has been removed.

## Explosion Kills Three Men.

Traverse City, Mich., June 11.—The boiler in Charles F. Reed's sawmill, located five miles west of Fife lake, exploded, killing three men and injuring ten others. The dead are: A. J. Cole, M. Smith, unidentified man. Cole was blown to pieces. Smith and another man died in a few minutes from injuries received. The mill was wrecked, and all but two of the employees were killed or injured.

### Baseball Players Organize.

New York, June 11.—Twenty-three good ball players, delegates from the national league clubs, held a five hours' secret session at the Sturtevant house. The result of their deliberations was the formation of the Protective Association of Professional Baseball Players.

### Disemboweled by Hogs.

Eldora, Iowa, June 11.—The body of former County Recorder J. P. Suttman of Grundy county was found in a hog pen at Grundy Center badly mutilated by the swine. He had attempted to clean the pen, had fallen in a faint and the animals quickly stripped off his clothing and had made the face an unrecognizable mass. When Miss Suttman found her father's body it was partly disemboweled and was being dragged by the hogs through the offal to the pen.

### Jul Stomped by a Mob.

Mobile, Ala., June 11.—A mob stormed the Harrison county jail at Mississippi City, but the prisoners, Henry Askew and Ed Ross, had been spirited away by the sheriff. The preliminary trial failed to fasten guilt on either, although it is positive that both were in the vicinity of the place where the 12-year-old school girl was murdered, and knew something of the affair. Another effort to lynch the negroes will be made, it is believed.

### Half Rates to Des Moines, Ia., Via the C. M. & St. P. Ry.

## DUTCH BANK OPENS AGENCIES

Doing Business in Nearly All the Interior Towns of Brazil.

Rio de Janeiro, June 11.—The Dutch bank has opened agencies in nearly all the towns of the interior. The Belgian bank of hypothecary loans will begin operations June 10 and congress has just voted a law establishing the presidential pavilion, rectangular in form, of green silk, with the national arms in large size emblazoned, gold trimmings, to be raised at the mast head of the vessel carrying the president.

Arthur Alvin will sail for Europe on June 10 to arrange for the coining in Germany of the new nickel currency that is to take the place of that now in use.

It is generally believed here that Dr. Campos Sales, president of the republic, will not go to the Argentine Republic in July or in September, as the political state of affairs is far from being satisfactory, in spite of the apparent calm.

It is reported that Dr. Joaquin Murinho, minister of finance, and Dr. Olyntho de Magalhães, minister of foreign affairs, will resign early in June.

According to the latest advices from Acre, via Para, the new junta is composed of Col. Braga, president; Victor Silva, secretary of war; and Barbosa Selt, secretary of state.

Three battalions have been organized and have gone to meet the Bolivians on the frontiers. A congress has been convoked for June 25, with full power to elect a president. All the Brazilian laws have been adopted and a tax of 10 per cent on rubber will be collected.

## CREAM LEADS TO MURDER.

Fatality Attends a Picnic Party Near Springfield, Ohio.

Springfield, Ohio, June 11.—John Beck, aged 37, was shot and killed by Robert Mendenhall while at a picnic at Chilton, nine miles south of here. There were twenty-two picnic parties on the grounds, and Miss Moulton of this city, a member of one, accidentally upset a crock of cream at Mendenhall's hut, where she had gone for a drink. This enraged the Mendenhall family and the father, mother and two sons started through the grounds in search of the party who had spilled the cream. Beck and Stanley Bailey were walking along the creek bank when they were approached by Robert Mendenhall, aged 19. He had a revolver and demanded to know if they had spilled the cream. Bailey convinced him that they had not been near the hut. As he turned to leave, Beck asked Mendenhall what he was going to do with the revolver. Mendenhall's answer was: "I am going to kill a—." With that he fired at Beck. The bullet penetrated his right temple. He died instantly. Mendenhall, realizing what he had done, fled and has not been captured.

## World's Biggest Bean Patch.

Pasadena, Cal., June 11.—This place has the biggest "bean patch" in the world. Dixie Thompson is the "bean king" of California, and down in Ventura county he has a ranch of 7,000 acres devoted exclusively to the cultivation of beans. There were 15,000 acres planted there last year, which produced 1,000 carloads of beans. Three hundred carloads were shipped from Santa Barbara county, the product of about 5,000 acres. It is said that 138 distinct varieties of beans are grown in Ventura county. They are sown and cultivated in the same manner as corn, and are harvested by special machinery, which cuts the vines close to the roots. The vines are then raked into windrows, piled into stacks and are thrashed by steam-power machines, which are also specially contrived for the bean business.

## River Discovered in Dakota.

Grand Forks, N. D., June 11.—A subterranean river has been discovered beneath the farm of O. J. Solberg, one mile west of Reynolds. An 18-inch well was being bored, and when the depth of 80 feet had been reached the tools suddenly dropped and a loud roaring sound was heard, which frightened the workmen and caused them to fly from the spot. It was found that a moving body of water, ten feet deep, had been struck. A pall attached to a rope let down was carried swiftly in a southeasterly direction. Light thrown down by a mirror showed a swiftly moving current. The roaring of the stream can be plainly heard by passers-by on the highway some distance away.

## DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pineapples. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The child can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful beverage for old and young. 15c. and 25c.

## PEKIN IS TO BE OCCUPIED.

Powers Will Send 10,000 Troops to Take Capital.

1,500 MEN NOW ON THE WAY.

One Hundred Americans Under Command of Capt. McCalla in the Expedition—Russian Cossacks Are Attacked by Several Thousand Boxers Near Tien-Tsin.

London, June 11.—The following reports from Shanghai have been received: It has been decided when the railroad is repaired between Tien-Tsin and Peking that 10,000 troops of all nationalities will be sent to occupy the Chinese capital. The "empress" party intends to fight. All the male foreigners in the volunteer corps in Peking are under arms. Guns are mounted and every precaution made for defense. The approaches to the legation street are filled with howling Chinese mobs and undisciplined soldiery. The empress meanwhile is reviving theatricals at the palace. A party of cossacks, while reconnoitering around Tien-Tsin Friday, were attacked by some thousands of Chinese armed with rifles, spears and swords. The cossacks fired on the mob, killing several of them. A Russian lieutenant was wounded. It is reported that the government is distributing arms to the boxers. The American mission at Neu-Pei-Tang was burned Saturday.

The admirals at Taku, acting in concert, are forcibly reopening the railway from Tien-Tsin to Peking. Gangs of laborers are repairing the damaged line, which is guarded by 1,500 men, composed of detachments from the foreign fleet. One hundred Americans, under Capt. McCalla, are among them. They have guns and armored trains for use when the line is repaired, which can hardly be effected before Monday night.

The Peking correspondent of the Times confirms the report of the safety of the Americans who were at Tung Chau and the destruction of the mission there, which, it appears, was burned by Chinese soldiers sent to protect the Americans. The dispatch adds that within three days seventy-five native Christians, well-known men who had been trained for years by the American missionaries, have been massacred near Tung Chau. Many of them were burned alive.

The Daily Mail has the following from Tien-Tsin, dated Friday, June 8: "The wildest rumors are current here to the effect that Peking is burning, but they lack confirmation." Trouble has broken out at New Chwang. The state of anarchy around Peking is likely to be imitated in many quarters.

Asiatic artillery has been ordered from Hong-Kong to Tien-Tsin.

There is a serious rising at Nan-King. The mob is said to have attacked the palace of the viceroy.

Details have been received from Shanghai regarding the recent murders of railway engineers by Boxers. It seems that a party of thirty, including six women and one child, left Pao-Ting-Fu in twelve boats under military escort. After traversing fifty miles in safety they missed their way. The boats grounded and the Boxers opened fire upon the unfortunate occupants, using both rifles and wooden cannon. The engineers returned the fire effectively, and the party landed. One woman and three men got separated from the main body. They were brutally killed. The survivors formed a square, with those able to bear arms outside and the women inside, and made off toward Tien-Tsin. They traveled three and a half days, fighting all the way. More than 2,000 cartridges were expended, and ammunition was running short. They estimated that they killed at least a hundred rebels. The men behaved like heroes, carrying the women and children. Twelve miles from Tien-Tsin three men disappeared, and were murdered. The survivors eventually met the rescue party, and, much exhausted, they were escorted to Tien-Tsin.

Powers to Make a Demand. New York, June 11.—A special dispatch to the Herald from Washington says that a dispatch from Minister Conger, which the authorities declined to make public, is said to have referred to a meeting of diplomats in Peking, at which an agreement was reached to make a joint demand on the empress dowager for the suppression of the Boxers under pain of action by the powers.

According to officials here, Minister Conger is making some plain statements to the tsung-li-yamen, threatening them with the annuity of the United States and heavy claims for indemnity should the life of an American citizen be taken. It is hoped, as a result of these representations, that the Chinese government has put guards around the American missions. It is plainly impossible for missionaries now to reach the coast, as if the railroad connecting Peking and Tientsin is cut, other roads are interrupted, and a journey on foot or horseback to the sea would involve greater danger than there will be if they remain where they are.

Special Tourist Rates Via C. M. & St. P. Railway.

## FOUR KILLED IN WRECK.

Twenty-Six Others Injured in Electric Road Collision.

Providence, R. I., June 11.—An accident resulting in the loss of four lives and the injury of twenty-six persons occurred on the Oakland Beach electric road. Two cars met in a head-on collision on a sharp curve. The car coming toward the city telescoped the down-trip car, crashing its way through to the fifth seat.

The dead: Arthur Liscomb; George W. Baker, 15 months old; Lewis C. Sanborn, Providence; Ed D. B. Burroughs, motorman.

The injured: Lieut. Gov. O. O. Kimball, Providence; C. N. Kingsley, Pawtucket; Mrs. Kingsley, Pawtucket; William Malliet, No. 1 Prince street; H. A. Palmer, No. 62 Weybosset street; H. T. Palmer, No. 293 Point street; S. B. Briggs, No. 61 Carpenter street; Mary Tourtellot, No. 150 Lockwood street; William Bogerd, Owen J. Hurley, Mansfield; Mrs. Bogerd and son, No. 1 Redwing street; D. B. Alcock, No. 184 Chapin avenue; George Baker, No. 108 Livingston street; Mrs. Baker; Florence Baker; Thomas Jackson and Mrs. Jackson, No. 18 Calla street; E. J. Fleming, Mrs. Fleming and two children, No. 26 Susan street; unknown woman, 32 years old; J. E. Brown, No. 418 Friendship street; F. E. Manchester, Oakland Beach; Henry Hanlon, car motorman; Claude B. Harries, conductor.

Additions to the death list are hourly expected, as several of the injured are at the hospital in a precarious condition.

## IRISHMEN STILL AT ODDS.

Differ Over Representation in the Coming National Convention.

Dublin, June 11.—Some difficulty has arisen regarding the constitution of the coming Irish national convention. The joint committee of the United Irish league and the Irish members of parliament framed a constitution on lines giving representation in all public bodies to all nationalist organizations save those identified with past dissensions. This decision gave large representation to the United league, which is composed of representatives of all sections. It was challenged on behalf of the old organizations, but the joint committee by a majority of one refused to alter its decision. The minority consisted of John Redmond and the Irish members of parliament; the majority of the United leaguers. Timothy Healy's newspaper then declared the convention doomed, and John Redmond now writes a letter regretting the decision of the joint committee. He points out, however, that the matter is not one of substance, as the representation is already very wide, and he calls on Mr. Healy to sink personal considerations.

and assist in making the convention a success. Patrick Ford cables from New York declaring that the United league is the only hope of the country. The convention certainly will succeed, as it is receiving daily adhesions from all sections, save Mr. Healy's numerically small following.

## Was a Snake Fighter.

Jeffersonville, Ind., June 11.—J. T. Raymond, trustee of Monroe township, in taking the enumeration of school children, had many experiences, among which was snake fighting. The territory embraced in the township is 15x9 miles, every foot of which Mr. Raymond covered on foot. The knobs of southern Indiana run through Monroe township, and he says that the hills are alive with snakes. On several occasions he encountered huge dens just emerging from their winter quarters and unusually vicious. He was armed with a club, and sometimes it was hard work fighting his way out. One day he walked into a circle of rattlesnakes, and a fight to the finish followed, Mr. Raymond being almost exhausted from his exertions.

## Will Rival the Fruit Trust.

St. Louis, Mo., June 11.—A movement to organize a company to compete with the fruit trust has been started here by Baltimore, Boston and New Orleans capitalists. The papers which are necessary to insure the establishment of the company have been drawn up and signed. The scheme of the promoters of the company contemplates the purchase of fruit farms and franchises in South America and Central America and the operation of a line of steamships to the ports of those countries to transport the fruit of this country. The capital stock of the organization is to be \$500,000, but it is declared that its resources will be many times that sum.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. I continued to grow worse and I could hardly get about to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one half of a 4 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by Smith's Pharmacy, kodak agents, next to postoffice.

## If Worries a Woman

To find her beauty fading, and feel her strength slowly slipping away. Worry only makes matters worse. In such a crisis the wise woman acts. She looks around for help, and finds it in Dr. Pierce's Favorite Prescription. No other medicine has done so much for weak and feeble women as "Favorite Prescription." It cures female weakness and diseases of the delicate organs which undermine woman's strength and mar her beauty. It makes weak women strong, sick women well.

Mrs. W. J. Kidder, of Hill Dale Farm (Enosburg Center), Enosburg, Vt., writes: "Your kindly advice and medicines have brought me great relief. During the past year I found myself pregnant and in rapidly failing health. I suffered dreadfully from bloating and urinary difficulty. I was growing weaker each day and suffered much sharp pain at times. I began to improve immediately, my health became excellent and I could do all my own work (we live on a good sized farm). I walked and rode all I could, and enjoyed it. I had a short, easy confinement, and have a healthy baby boy."

Dr. Pierce's Pleasant Pellets cure foul breath, by curing its cause.

# Auction Sale of FOREST PARK LOTS... Thursday, June 21, AT 2:00 P. M.

At our May 19 Auction Sale we disposed of twenty-nine lots at very low prices. Some of the buyers have since been offered an advance over the price they paid. Among the buyers were J. M. Bostwick, James Fathers, City Treasurer; W. J. McIntyre, late County Clerk; and Judge Fifield, of the Municipal Court; and James McKewan. These men know what real estate in the Third Ward is worth and they bought as a speculation. We have twenty-four beautiful lots left and will close them out at auction on

THURSDAY, JUNE 21, AT 2:00 P. M. : :

Every Lot will be sold to the highest bidder and there will be no "by bidding" whatever. There will never again be such an opportunity to procure first-class lots at such low prices. TERMS: 5 per cent. discount for cash; or, 2-5 cash and 2-5 of purchase price in one year with interest at 6 per cent., and the remaining 1-5 in two years at 6 per cent. interest. Notes secured by mortgage.
